Judge Thomas M. Horan

RE: Case No.23 - 11131(TMH)
Amyris - Appointment of Examiner

Please consider a significant need exists for the Appointment of an Examiner as requested by the Ad Hoc Cross-Holder Group. Clearly, a thorough investigation of the Pre-Petition activities of AMYRIS officers, senior management and Board of Directors should be commenced.

As a shareholder and on behalf of all interested parties impacted in this Chapter 11 proceeding the proposed Order submitted by Counsel for the Ad Hoc Cross-Holder Group is warranted prior to any decision concerning a final Plan Approval.
